Assessment

The two partners that were assigned the same consonant sound should share their words and check each other's lists.

Extended Learning Activities

- 1) FactHound: Show the student how to access FactHound through www.facthound.com. Here they are lead to a variety of websites that are kid-safe. Lead them to click on the animal tab, and then ask them to write down (in their notebook) the addresses of two websites they would like to visit.
- 2) CapstoneKids Exploration: Allow the students to explore the author interviews, games and other fun activities on CapstoneKids as time allows.
- 3) Vowel Sounds Extension: Using the interactive title and an interactive white board, have the class circle words in the book that have same vowel sound (settle, said, bell, then). Review all the ways that a sound can be spelled.
